- **Bioenergetically effective information reduces stress and minimizes the effects of environmental disturbance**
- **Stabilizes the body's own energy field, activates and empowers self-healing power**
- **Universally usable, as a portable aid or for general energetic assistance, also as a therapy supplement**
- **Effective point effect due to increased focus with high energetic potential**
- **Return guarantee, testing without risk**

PHI energetics®, André Hof, graduated Electrical Engineer, Certified Healer, according to the rules of the DGH, registered association in Germany

QuIET AURA-FLOW^{+QN}

Instructions for use

- The QuIET AURA-FLOW^{+QN} harmonizer works via the body's own energy field. For optimal use while on the move, we recommend carrying or wearing the AURA-FLOW^{+QN} as close to the body as possible.
- In case of acute complaints, for energetic treatment as well as in the context of a therapy-accompanying use you can also put the AURA-FLOW^{+QN} directly on the affected body zone.
- In order to support energetic healing treatments, simply place the AURA-FLOW^{+QN} harmonizer on the commonly known energy or chakra points. If necessary, you can use several harmonizers at the same time.
- Due to the strong focus and the associated high energy density, we recommend initially limiting the initial duration of use to a maximum of 30 minutes. Depending on your level of tolerance, the exposure time can be increased step by step. After complete familiarization, you can also use the AURA-FLOW^{+QN} Harmonizer during sleep and rest phases.

AURA-FLOW^{+QN}
Dimensions (mm): 115 x 60 x 14
Weight: ca. 105 g

Safety instructions

Please keep this document in a safe place! Please also observe the notes below:

Usage:

The use of the AURA-FLOW^{+QN} harmonizer does not replace treatment by a doctor or therapist, nor can healing effects be guaranteed. In case of acute disorders, a medical clarification should be obtained without any doubt!

Warranty:

The guarantee covers only the product itself. The manufacturer is not liable for damage caused by improper handling of the product. See also GTC at www.phi-energetics.de

CAUTION! Assembly and disassembly of the product housing may only be carried out by the manufacturer!

Disposal

PHI energetics® products may be classified as electrical equipment according to the WEEE Directive 2002/96/EG due to their internal components. Therefore, for proper disposal, please contact a public collection point in your community.

CE Declaration of Conformity

This PHI energetics® product has been designed and constructed in accordance with Directives 2006/95/EG and 2004/108/EG. A corresponding CE marking is affixed to the device. Hereby the manufacturer declares that the basic requirements and directives of the European regulations are fulfilled.

Guarantee

PHI energetics® harmonizers work on an energetic basis with the help of information carriers. This method, as well as the careful selection of suitable materials, allows for practically unlimited effectiveness. The function of the harmonizers is guaranteed for a period of five years from the date of invoice. In addition, we offer an unrestricted return guarantee of six months, upon request we will refund the full purchase price.
